ENVIRONMENTAL & PACKAGING

HOW TO USE

To remove cap: place bottle on a firm flat surface. Grip cap and turn anti-clockwise.

To replace cap: grip cap and screw clockwise until tight.

Remove as much spillage as possible before use. Avoid spreading stain. Dab with paper towel to absorb liquid soil. Apply directly onto surface and leave for a few seconds. Dab with clean damp cloth. Do not rub surface. Repeat until stain is gone.

For machine washable items, proceed as above then apply a generous amount of stain remover and wash in line with manufacturer's instructions.
