- A probiotic biological washroom cleaner which works by degrading organic soiling to eradicate stains and odours
- Use on porous washroom surfaces such as flooring materials and tile grouting
- Can be used on all washroom fittings including stainless steel and marble surfaces

AREAS OF USE

ENVIRONMENTAL

HOW TO USE

Odour Problems

Spray or swab contaminated surfaces, work well into the soiling with a clean damp cloth or damp mop. Leave to work for a few minutes before wiping away any excess liquid. Do not rinse but allow to dry slowly. Spray and wipe contaminated and soiled areas regularly.

To maintain an odour free washroom, spray and wipe soiled and contaminated areas regularly.

**The use of disinfectant, bleach or caustic substances will destroy the microorganisms used in this technology.*

ELIMINATOR

Biological Washroom Odour Remover and Cleaner

Directions:
Spray or swab contaminated surfaces, working well into the soiling with a clean damp cloth. Leave Blu-Away to work for a few minutes before wiping away any excess liquid. Do not rinse but allow to dry slowly. Repeat regularly until aged problems have been eradicated. To maintain an odour free washroom, spray & wipe soiled & contaminated areas regularly.
